

KIRSTY WILLIAMS AM

1. Do you currently support the creation of the area of segregated air space (fly zone) over west Wales as proposed by the Welsh Assembly Government for the purposes of testing UAVs?
2. Is your support for the fly zone conditional on jobs being created for local people at Parc Aberporth?
3. If yes, how many local jobs would you want to see at Parc Aberporth in two years time in order for the project to continue to receive your support?
4. What benefits do you think the UAV testing zone brings to the people of west Wales other than jobs?
5. Is your support for the fly zone influenced by whether the zone is used to test military applications of UAVs or civilian applications?
6. Do you think the creation of a fly zone will benefit or harm the tourist industry? If so, how.

As Kirsty does not represent the Aberporth area she does not feel it would be appropriate for her to comment on the questions below, but we understand that her colleague Mark Williams, the Lib Dem MP covering this area has responded in full setting out the party's position.

Thanks for getting in touch

Kind Regards
Sara Care

Office of Kirsty Williams AM for Brecon & Radnorshire/ Swyddfa Kirsty
